The Igoumenitsa Port puts on its festive colors thanks to “KDIF AMEA Sympraxis”

This year, Santa Claus’s journey has included a special stop in Igoumenitsa before continuing on to deliver gifts and smiles to children around the world. Along with him, he brought the true Christmas Spirit, filling the city with warmth, joy, and optimism.

This festive atmosphere could not help but reach the Igoumenitsa Port Authority as well. Thanks to the creativity and enthusiasm of the young people of “KDIF AMEA Sympraxis”, the Igoumenitsa Port has put on its festive colors and welcomes visitors to Terminal 1 in a Christmas mood, filled with color and smiles.

More specifically, on Wednesday, 17 December 2025, the members of “KDIF AMEA Sympraxis”, as part of their social and creative initiatives, filled the Terminal with handmade ornaments and gifts that they had created themselves with a lot of care and imagination. Thus, they brought life and warmth to the space, sending a beautiful message of acceptance and joy to the entire local community.

During the visit, the young members sang Christmas carols, spreading the festive spirit to the staff of the I.P.A S.A., the employees of the Terminal, as well as to all travellers and visitors who were present. The staff of the *Minoan*

Café also contributed to the celebratory atmosphere by offering refreshments, perfectly complementing the warmth of the event.

Igoumenitsa Port Authority consistently keeps its doors open and expands its horizons by supporting initiatives of social contribution and inclusion for the benefit of the city's residents and visitors. It warmly thanks "KDIF AMEA Sympraxis" for the creative collaboration, as well as for the smiles, positive energy, and love they generously shared, reminding us all, of the true meaning of Christmas.
